

The International Symposium on Statistics and Risk Management 2024

Date: 9 December 2024 (Monday)

Time: 8:55am – 5:55pm

Venue: LT6, Yasumoto International Academic Park (YIA)

Organizing Committee
Department of Statistics
CUHK

Invited Speakers

FAN Yingying

Exogenous Randomness
Empowering Random
Forests

University of Southern California

Catalytic Prior
Distributions for
Bayesian Inference

Harvard University

LI Mingyao
Unlocking the Power of Spatial Omics with Al

University of Pennsylvania

MA Ping
Statistical Computing
Meets Quantum
Computing

University of Georgia

YING Zhiliang
Recent Developments in

Recent Developments in IRT and Related Models: From Classical Theory to Modern Applications

Columbia University

ZHAO Hongyu Statistical Challenges

Statistical Challenges and Opportunities in Biobank Analysis

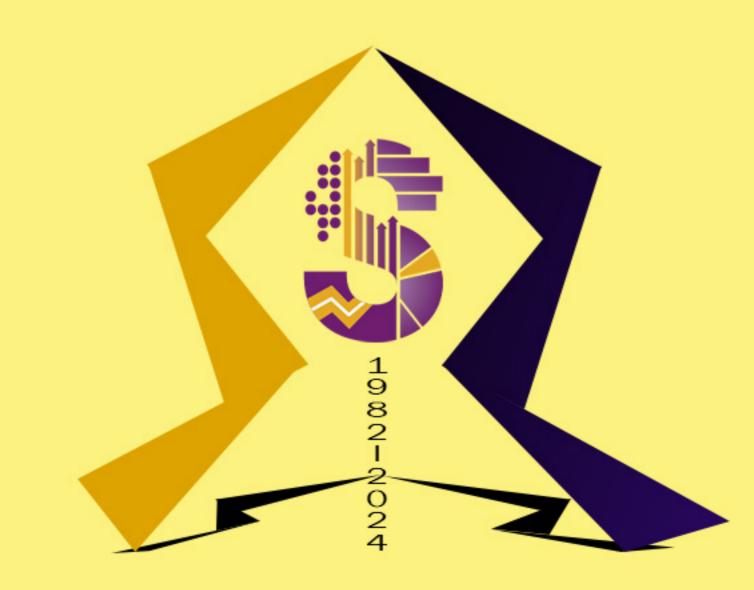

Yale University
